Transacting safely with Singpass

Share these tips with your child to ensure they learn how to protect their Singpass account:

1. Avoid sharing your Singpass ID, password or 2FA details.
2. Singpass never sends web links or QR codes via SMS or WhatsApp.
3. Check that the web domain of the Singpass website is singpass.gov.sg.

For more Singpass security tips, please visit go.gov.sg/even-safer-singpass.

Your child is an existing Singpass user

If your child has a Singpass account and has forgotten their password, they can reset their password online at go.gov.sg/singpass-resetpw.

Your child does not have a National Registration Identity Card (NRIC)

If your child is a Singapore Citizen or Permanent Resident and has not registered for their NRIC, they must first register and be issued their NRIC before registering for Singpass. Your child will enter the date of issuance of their NRIC during registration.

Your child must seek help from a Singpass holder (e.g. parent) to log in and register the NRIC online on their behalf (<https://eservices.ica.gov.sg/esvclandingpage/iconline> -> *First Registration (On behalf of others)*). After that, your child is required to enrol their biometrics to complete the NRIC registration. Your child may walk-in to Identity Card Unit, located at Level 3 of the Immigration & Checkpoints Authority (ICA) Building during operating hours. For more information on NRIC registration, please visit <https://www.ica.gov.sg/documents/ic/registration>.

We wish your child all the best in their GCE N-Level examination.
